Dear Brothers

I think you can have
one of our driving horses & a light
wagon for a month or two. You
will require to send down for it
one of the boys might come down
& take it up John or Jamie
could come down tomorrow

I have had a bad time with
my leg not having been
able to go to bed for a week
It has now broke & a good deal
of matter has come from it. If
the bone is not affected it may
not be so bad. but if the bone
is diseased it may be serious
I am very anxious the place here
could be sold. as it is a great chance
& I will be able to attend to

the business

If any of the boys are
coming further horse back
could come Galt with the mail
carrier at six o'clock in
the evening

Yours affec brother
D Goldie -
